

HP-NAP Antibody / H pylori Neutrophil-activating protein [clone RM413] (R20429)

Catalog No.	Formulation	Size
R20429-0.1ML	1 mg/ml in PBS with 50% glycerol, 1% BSA and 0.09% sodium azide	100 ul

Recombinant **RABBIT MONOCLONAL**

[Bulk quote request](#)

Availability	1-3 business days
Species Reactivity	Helicobacter Pylori
Format	Purified
Clonality	Recombinant Rabbit Monoclonal
Isotype	Rabbit IgG
Clone Name	RM413
Purity	Protein A purified from animal origin-free supernatant
Applications	ELISA : 0.05ug/ml-5ug/ml
Limitations	This recombinant HP-NAP antibody is available for research use only.

An ELISA of Helicobacter Pylori proteins using recombinant HP-NAP antibody. The plate was coated with 1 ug/ml of CagA, OMP, Urease, or HP-NAP of H. Pylori. A serial dilution of the RM413 mAb was used as the primary antibody. An alkaline phosphatase conjugated anti-rabbit IgG was used as the secondary antibody.

Description

This antibody reacts to the neutrophil-activating protein of Helicobacter pylori.

Application Notes

The stated application concentrations are suggested starting points. Titration of the recombinant recombinant HP-NAP antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

Proteins purified from Helicobacter pylori was used as the immunogen for the recombinant HP-NAP antibody.

Storage

Store the recombinant recombinant HP-NAP antibody at -20oC.
