Description

This antibody reacts to human PRKAA1 / AMPK alpha-1 (AMPKA1; 5'-AMP-activated protein kinase catalytic subunit alpha-1).

Application Notes

The stated application concentrations are suggested starting points. Titration of the recombinant AMPK alpha 1 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

A peptide corresponding to the residues near the C-terminus of human AMPK alpha-1 was used as the immunogen for the recombinant AMPK alpha 1 antibody.

Storage

Store the recombinant AMPK alpha 1 antibody at -20oC.
