

Thyroid transcription factor 1 Antibody / TTF-1 / NKX2.1 [clone RM373] (R20392)

Catalog No.	Formulation	Size
R20392-0.1ML	Antibody in PBS with 50% glycerol, 1% BSA and 0.09% sodium azide	100 ul

Recombinant **RABBIT MONOCLONAL**

[Bulk quote request](#)

Availability	1-3 business days
Species Reactivity	Human
Format	Purified
Clonality	Recombinant Rabbit Monoclonal
Isotype	Rabbit IgG
Clone Name	RM373
Purity	Protein A purified from animal origin-free supernatant
UniProt	P43699
Localization	Nuclear
Applications	Immunohistochemistry (FFPE) : 1:500-1:1000 Western Blot : 1:1000-1:20000
Limitations	This recombinant Thyroid transcription factor 1 antibody is available for research use only.

Western blot testing of human TT cell lysate with recombinant Thyroid transcription factor 1 antibody at 1:20,000 dilution. Expected molecular weight: 38-45 kDa.

IHC staining of FFPE human lung cancer tissue with recombinant Thyroid transcription factor 1 antibody at 1:500.

IHC staining of FFPE human lung cancer tissue with recombinant Thyroid transcription factor 1 antibody at 1:500.

Description

This antibody reacts to human TTF1 ((Thyroid transcription factor 1) (Homeobox protein Nkx-2.1).

Application Notes

The stated application concentrations are suggested starting points. Titration of the recombinant Thyroid transcription factor 1 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

A peptide corresponding to N-terminus of human TTF1 was used as the immunogen for the recombinant Thyroid transcription factor 1 antibody.

Storage

Store the recombinant Thyroid transcription factor 1 antibody at -20oC.
